Being a Jet

The Team Jets Playbook
July 2017

The 2017/18 season represents an exciting new chapter for Team Jets.

Following years of growth and success, culminating in the senior Jets team reaching Premier 2, the 2016/17 season saw the senior side relegated to Premier 3. At the same time a number of senior players who have served our club so well, are moving on. This creates the perfect opportunity for others to step up and define the future of Team Jets. Our junior sides at both u16 & u14 are the future of Team Jets. Therefore, further integrating these teams and embedding clear pathways between our three teams is a priority. As a coaching team, we are committed to defining what it means to be a Jet, to lead by example and to support the entire Jets family. Our focus this season is each other; to understand how we can improve and develop and supporting the Team Jets in being the best they can be.

This document captures the best of who we are today and our desire to be even better tomorrow.

#Respect

What we do...

We lead by example and respect the opinions and decisions of others

We are committed to both holding respect for, and demonstrating that respect to, all our stakeholders, teammates, coaches, opposition, officials, supporters and sponsors

We always use positive communication, with ourselves and with others

We respect ourselves through taking ownership and accountability for our actions, behaviours, and own development

We respect others through considering the impact we have on them

We are humble and we work hard

#Team

What we do...

We actively help our teammates and put the needs of the team above our own

We use positive two-way communication

We understand that we have chosen a team sport over an individual sport and therefore agree that we must sacrifice something of ourselves for the team

We look after ourselves as a Jets family

We publicly recognise the contributions of others and celebrate our success together

We ask for feedback from others and provide constructive feedback when asked

Sacrifice

#Pride

What we do...

We take pride in who we are and show pride in our team, our Jets family and our island

We understand that when away from home, we represent both ourselves and our island

We take pride in how we are perceived by others and always show respect for our opposition

We are committed to our community and show that commitment on a regular basis

We understand that we are role models to many on our island, especially young girls, and we behave as such

We understand that when we wear the Team Jets colours, we are always on stage and show pride in our team
